| <b>Organization</b>     | University of Ferrara |                  |         |   |
| <b>Current Position</b> | Professor             |                  |         |   |

### Educational Background

- Degree in Medicine and Surgery, at the University of Bologna (2001), Italy;
- Board in Respiratory Diseases, at the University of Ferrara, Italy;
- PhD in Experimental Respiratory Pathophysiology, University of Parma, Italy.

### Professional Experiences

Professor Contoli's main clinical expertise is in the diagnosis, management and treatment of asthma and chronic obstructive pulmonary disease (COPD). His research interests include mechanisms of virus-induced exacerbations of asthma and COPD, markers of airway inflammation and mechanisms of airways obstruction, and the impact of co-morbid conditions in asthma and COPD. Dr Contoli has served as co-investigator in several clinical and pharmacological international trials conducted according to good clinical practice (GCP) guidelines in the field of asthma and COPD. As a recipient of a European Respiratory Society fellowship (no. LTRF2003-017), Dr. Contoli spent one year (from November 2003 to November 2004) at Professor Sebastian Johnston's laboratory at St. Mary Hospital, Department of Respiratory Medicine, National Heart and Lung Institute, Imperial College, London. Dr Contoli has published his research in leading international journals and he serves as invited reviewer for the most important respiratory journals.

He holds the position of Associate Professor in Respiratory Disease, Department of Translational Medicine, at the University of Ferrara (Italy) since 01/05/2018 & respiratory Consultant at Respiratory Disease Unit, Arcispedale S. Anna, Azienda Ospedaliero-Universitaria, Cona, Ferrara – Italy.

### Professional Organizations

University of Ferrara – Italy

Dr Contoli is member of the European Respiratory Society
