

CV Template of KATRD International Conference 2021

Name	Shin Yup Lee			
First Name	Shin Yup	Last Name	Lee	
Country	Korea			
Organization	School of Medicine, Kyungpook National University			
Current Position	Associate professor			

Educational Background

- 2000 M.D
School of Medicine, Kyungpook National University
- 2004 M.S. in Medicine
School of Medicine, Kyungpook National University
- 2009 Ph.D. in Medicine
School of Medicine, Kyungpook National University

Professional Experiences

- 2011 - 2012 Instructor, Department of Internal Medicine,
School of Medicine, Kyungpook National University
- 2012 - Assistant Professor, Department of Internal Medicine,
School of Medicine, Kyungpook National University
- 2017- Associate Professor, Department of Internal Medicine,
School of Medicine, Kyungpook National University

Professional Organizations

- The Korean Academy of Tuberculosis and Respiratory Diseases
Korean Association for Lung Cancer
The Korean Cancer Association
International Association for the Study of Lung Cancer
American Association for Cancer Research

Main Scientific Publications

Clinical implication of minimal presence of solid or micropapillary subtype in early-stage lung adenocarcinoma. Thorac Cancer. 2021;12:235-244

The distinct metabolic phenotype of lung squamous cell carcinoma defines selective vulnerability to glycolytic inhibition. Nat Commun. 2017;8:15503.

Development of a prognosis-prediction model incorporating genetic polymorphism with pathologic stage in stage I non-small cell lung cancer: A multicenter study.

Thorac Cancer. 2017;8:251-259

Polymorphisms in cancer-related pathway genes and lung cancer. Eur Respir J. 2016;48:1184-1191.

A genetic variation in microRNA target site of KRT81 gene is associated with survival in early-stage non-small-cell lung cancer. Ann Oncol. 2015;26:1142-8.

Somatic mutations in epidermal growth factor receptor signaling pathway genes in non-small cell lung cancers. J Thorac Oncol. 2010;5:1734-40.
